

## Discover the Nambucca Valley and the Coffs Coast

When visiting the Nambucca Valley or the Coffs Coast, the Nambucca River Tourist Park is a very convenient choice as a base for exploring the region.

The Nambucca Valley is known for its natural unspoilt and uncrowded landscape, family friendly beaches, beautiful waterways and country hospitality. There are many attractions throughout the area that ensure you experience that unspoilt natural beauty - bush tucker canoe tours & tastings, surfing clean and accessible beaches, fine dining with gorgeous river views and so much more. Why not hire a kayak and meander along the sheltered waterways of the Nambucca River and its tributaries, enjoy a stroll along the riverside boardwalk or leave your creative mark at the V-wall at Nambucca Heads. Visit the hinterland towns of Taylors Arm and Bowraville and explore the museums and architecture of a bygone era.

Coffs Harbour and all its tourist attractions, the ambient village of Bellingen and the must see Dorrigo World Heritage National Park are within an hour's drive away.
